OUR HISTORY

Following its formation in 1971, the football club has become a large part of the Village community and provides a football experience for over 500 members, catering for girls, boys and men of all ages. Weekly we provide football for up to 40 junior teams from mini (U6) to juniors (U16's). A recent initiative over the last 3 years has been the FAW drive for inclusive football in Wales. This has been a great success with six past Dinas Powys players having representative caps for the Wales Learning Disability squad.

Latterly the FAW has promoted girls/female football as the fastest growing sport in Wales and we now boast teams at 5 different age groups.

We pride ourselves as being one of the largest clubs in South Wales and as such strive for excellence in all that we do. This has been recognised by the FAW with an award of a Platinum Standard for the running of club administration and excellence in coaching provision. We were also voted South Wales Club of the year in 2013 and at a press launch at our senior ground, Wales's football legend Ian Rush presented us with the award.

OUR MISSION

Dinas Powys Football club has seen a huge investment and successful development in the ground facilities at The Murch Field. This means that both players and supporters alike can enjoy the improvements, and this has benefitted the whole football club and the wider local community. The legacy of this will last for generations and provide all current and future players from the village with a first-class playing facility and help the club to maintain Platinum Standard and hopefully achieve 'academy status' with the Football Association of Wales.

However, the football club still doesn't have a club house to call our permanent home and this is something that all members of the club are striving to achieve, which will further improve what we already have in Dinas Powys. Without a club house we rely totally on fundraising, sponsorship and the generosity of individuals to generate the finances the football club require to continue playing football at all levels, providing health and fitness to all in the community.

We are therefore asking for financial support and assistance from individuals, businesses and the wider community and we have put together the following sponsorship packages with the hope of gaining your support.

All sponsors will get a mention in the match day programme and on the club web site, and those who have a package that is more than £100 will get a mention or advert (size depends on package) in the match day programme.
